DEMYSTIFY THE IND AS/IFRS

2021

A digital training on practical aspects

The convergence to Internationally accepted reporting frameworks has provided a massive boost to the Indian financial reporting norms and has facilitated the introduction of Indian Accounting Standards (Ind AS). The Indian Accounting Standards (Ind AS), notified in 2014, have been converged with IFRS, which marked a paradigm shift in the regulatory and reporting landscape for companies in India. Achromic Point's Digital Training on IFRS/Ind AS is useful for finance professionals working in an environment requiring accounting and reporting using IFRS/ Ind AS. Digital Training on IFRS/Ind AS is designed to develop an individual's knowledge of IFRS/Ind AS, providing an understanding of key issues and recent amendments in various accounting standards.
